SUMMARY

Full Stack Developer skilled in **MERN stack**, with hands-on experience building **responsive, scalable web apps** through **projects and internships**. Strong in **React, Node.js, MongoDB, and SQL**, with a focus on **performance and user experience**.

SKILLS

- **Languages:** JavaScript, C, C++, (**DSA , OOPS**)
- **Frontend:** HTML, CSS, **React.js**, **Redux Toolkit**, **Recoil**, Tailwind CSS, Bootstrap, Daisy UI, Material UI
- **Backend:** **Node.js**, Express.js, **REST API**, **Socket.io**
- **Database:** Firebase, **MongoDB**, **Mongoose**,
- **Version Control:** Git, **GitHub**
- **Tools & Devops:** **AWS EC2**, **Nginx**, **Vercel**, Postman, Framer Motion
- **Testing:** Jest

EXPERIENCE

- **Front End Development Intern (Prodigy Infotech)** **January-February 2024**
 - **Developed and optimized 6+ responsive UI components in React**, ensuring cross-platform optimization for mobile and web, **reducing load time by 15%**.
 - Collaborated in Agile sprints using GitHub, resolving 7+ UI bugs and implementing design updates with HTML, CSS, and JavaScript.
- **Front End Development Intern (Bharat Intern)** **February-March 2024**
 - **Developed 5+ responsive UI components using React and Tailwind CSS**, improving page load speed by **20%**.
 - **Fixed 10+ UI bugs and optimized API calls**, reducing rendering time by **15%** and enhancing user experience.

PROJECTS

DevTinder - Developers Connection Platform [LIVE LINK](#) [GITHUB](#)

A social media platform where developers can connect, chat, and collaborate in real-time.

- Designed a **scalable backend architecture**, ensuring smooth handling of approx **100+ concurrent users**.
- **Built a dynamic frontend using React**, optimizing rendering and reducing re-renders by **20%**.
- Developed **REST APIs with Node.js & Express**, improving response time by **30%**.
- **Styled with Tailwind CSS**, optimizing CSS delivery and improving page load speed by **40%**.
- Implemented **JWT auth with HTTP-only cookies**, ensuring secure sessions.
- **Integrated Razorpay for secure transactions**, ensuring seamless payment processing with **99.9% uptime**.
- **Added real-time chat functionality using Socket.io**, enabling instant messaging with **<100ms** latency.
- **Optimized MongoDB queries**, boosting data retrieval speed by **25%**.
- **Hosted on AWS EC2 with Nginx as a reverse proxy**, reducing downtime and improving scalability.

Blinkit – Full Stack E-commerce App [LIVE LINK](#) [GITHUB](#)

A full-stack grocery e-commerce platform inspired by Blinkit, enabling users to browse, manage carts, and place secure orders online.

- Built a scalable architecture **handling approx 100+ simultaneous users** with consistent performance.
- Built optimized React frontend, reducing re-renders by 20%.
- Optimized REST APIs using Node.js and Express, **reducing response times by 30%**.
- Managed global state with Redux, improving synchronization efficiency by 35%..
- Implemented **JWT authentication with bcrypt** and HTTP-only cookies, enhancing **login security by 45%**.
- **Integrated Stripe** (test mode), enabling smooth payment flow with **99.9% uptime**.
- Developed an admin dashboard with role-based access, accelerating **product management by 50%**.
- Styled UI with Tailwind CSS, **reducing styling time by 40% and improving load speed by 35%**.
- **Boosted data fetch speed by 25% using MongoDB indexing & query tuning**.
- Deployed frontend on Vercel, **achieving <200ms load times** and zero-downtime updates.

AY Cafe - Food Ordering Website [LIVE LINK](#) [GITHUB](#)

A food ordering web app where users can explore and order meals with a seamless experience.

- **Developed an interactive frontend using React** boosting user engagement by **30%**.
- Integrated **Swiggy D-API** to fetch **100+ menu items** with **location-based search**.
- **Implemented authentication with Firebase**, securing user sign-ins and handling **1000+ user sessions**.
- **Managed complex state transitions efficiently using Redux Toolkit**, ensuring smooth UI updates.
- Built a **responsive, cross-platform UI** with Tailwind CSS, optimized for mobile and reduced CSS size by 50%.

EDUCATION

- | | | |
|---|--------------|-------------|
| • Bachelors of Technology Future Institute of Engineering & Technology Bareilly (8.21 CGPA) | July | 2025 |
| • Intermediate Dunka Inter College Dunka Bareilly | March | 2020 |
| • High School Dunka Inter College Dunka Bareilly | March | 2018 |

ACHIEVEMENTS & CERTIFICATIONS

- Participated in multiple coding competitions and hackathons at college, solving DSA challenges and collaborating on real-world problems under time constraints.
- **Certified in JavaScript & React** – Namaste Dev by Akshay Saini (2024)
